

# **Mathematics, Grade 10, Locally Developed MAT2L**

## **Course Description**

This course emphasizes the extension of mathematical knowledge and skills to prepare students for success in their everyday lives, in the workplace and in the Grade 11 Mathematics Workplace Preparation course. The course is organized by three strands related to money sense, measurement and proportional reasoning. In all strands the focus is on strengthening and extending key foundational mathematical concepts and skills by solving authentic, everyday problems. Students have opportunities to extend their mathematical literacy and problem-solving skills and to continue developing their skills in reading, writing and oral language through relevant and practical math activities.

Prerequisite: A grade 9 Mathematics credit
